Dear Parent/Guardian:

School field trips are considered a valuable aspect of the educational experience in West Babylon Schools. Field trips allow students to enhance their learning experiences outside of the classroom setting.

Student safety is primary. Previously, concern about student safety had been heightened by world events. This resulted in cancellation of a number of school trips and a significant restriction on the planning of other trips. Parents/guardians should be aware that trips will be canceled, changed or limited if world or local events suggest that a risk to student safety exists. This could result in the loss of deposits, ticket fees or other costs. While we will strive to avoid a loss of money, these costs to families may not be reimbursable. We are optimistic that the educational value of field trips outweighs this possibility.

You will receive further information regarding specific trips from your school's principal.

Sincerely,

Scott Payne
Assistant Superintendent for Curriculum & Instruction
