On March 16th, the district held the staff K-12 full day conference. Dr. Farrelly thanked the team for planning the day's professional development. During the week of March 19th, the SHS National Art Honor Society Induction Ceremony and the JHS National Junior Honor Society Induction Ceremony took place. Friday, March 23rd, the SHS Broadway "Cabaret" will start at 7:30 PM. Next week, on Monday, the 26th, students will be inducted into the SHS Foreign Language Honor Society and on the 28th into the SHS Math/Science Honor Society. Per Dr. Farrelly - Congratulations to all!! The JHS musical "Mary Poppins" is scheduled for March 22nd and March 23rd. Due to the upcoming snowy weather forecast, the SHS Fashion Show will be rescheduled.

The SCOPE after school enrichment program will be approved during tonight's Board of Education meeting. Dr. Farrelly thanked all the administrators involved in the establishment of this program. Mr. Payne will provide specific program details some time in the near future.

Mr. Raymond Graziano, Director of Facilities III, has been in contact with the Town of Babylon relating to snow removal on sidewalks leading up to our schools. The Town contact indicated that when a school district representative or a community member calls to lodge a complaint, the Town sends a notice or an inspector to the individual responsible for specific snow removal.

Dr. Farrelly invited all to review the most recent issue of the Superintendent's "Points of Pride". Copies were provided on the table at the entrance to the PAC. She also invited all to use social media, twitter and Facebook as we use these to showcase and highlight student, staff and faculty accomplishments.

Procedural: C. Statement of West Babylon Teachers Association Representatives

Mr. Robert Dell'Isola, WBTA President, thanked Dr. Farrelly for the vast improvements in district-wide security. He said all staff and students are wearing their IDs and there has been an increase in the number of security guards. In addition, the buzz-in system and door check-ins are in place and there are now reduced points of entries in the buildings. Mr. Dell'Isola said the union would like to offer their help in any way.

Procedural: D. Statement of School Administrators Association Representatives

Mr. Stephen O'Leary, WBAA President, made the following statement:

"On behalf of our building administrators, we appreciate, join and support the BOE and Superintendent's initiatives to improve the security in the District. We credit Dr. Farrelly for spearheading this, as safety and security are constant conversation topics among the administrators at all of our leadership and management meetings, and much change has occurred as a result of these efforts.

All of us have reflected after the tragic events that occurred in Florida last month. At the HS school, we had an opportunity to work with student leaders who provided a heartfelt memorial in memory of those who lost their lives in Parkland. At the JHS, students did the same, spreading messages of kindness and compassion throughout the building.

Truth be told, there is no topic that we discuss that is more important than the safety and security of children, and we look forward to helping, supporting and improving efforts at both the building and District levels. Although we acknowledge that no building is 100% safe, we do know we can have a 100% commitment to constantly improving safety and security which is something we all believe in and prioritize second to none."

Procedural: E. Statement of C.S.E.A. Representatives

Mrs. Donna Rocchio Delerme, CSEA Non-Instructional Unit President, made the following statement:

"We are the custodians that provide a safe and well-kept home away from home for our children. We are the bus drivers, monitors and mechanics of our transportation department that safely move roughly 3300 of our 4000 + children daily. We are the food service workers that prepare and serve two nutritious meals a day to our children. We are the clericals that have the safety and security of each child in our hands. We are first in, last out.

I have been told you are passionate Madam President. I am here to tell you that we are passionate as well. There is nothing more important to us than the children because they are our children too. We don't just work for West Babylon. We are its residents, its alumni, its PTA moms and dads, its soccer coaches.

We have been in negotiations since January of 2017 and have moved through the process to mediation and finally to fact finding. As you review the fact finders recommendations, I ask that you remember this. We want nothing more than the ability to remain in the community where we have grown up, raised children and as civil servants give back to our home town. Thank you.

Presentation: B. Safety and Security in Our Schools Presentation: Dr. Yiendhy Farrelly, Superintendent of Schools

Dr. Farrelly opened the presentation by sharing that the issue of safety and security weighs heavily on all of us as school officials, but also as parents as well. She said the district takes safety and security very seriously and thanked all in attendance (including district-wide principals, assistant principals, faculty, staff and residents). The PowerPoint presentation was titled "West Babylon UFSD School Emergency Response Plan". Some highlights of the presentation included the following: several Board of Education Public Board meeting presentations regarding safety and security

have been held in the past and in October 2017, a safety and security community forum was held in the PAC. Building Emergency Response Plans and District-wide Emergency Response Plans are shared with the Suffolk County Police Department and the New York State Education Department. Specific procedures are in place to address minor and major medical emergencies; bomb threats; fire evacuation; evacuation/staff all call; shelter-in-place; hold-in-place; lockout; and lockdown. Officer Osias, our SCPD School Resource Officer, and Mr. Edwin Salas, our Director of School Safety, participate in Emergency Drills to offer feedback. Four (4) lockdown drills and eight (8) fire drills are held throughout the school year. Parent/Student Reunification was addressed. It is suggested that parents be patient, wait for directions from school officials (via social media, phone, email & website) for parent/student reunification location. The location will likely NOT be your child's school. Parents are reminded to always update emergency contact information and to be sure to have proper identification. School Messenger Notifications will be completed as soon as possible for the following events: lockout, lockdown, fire/evacuation (not practice drills), bomb threat, and any other school emergency response as needed. It was also suggested for parents to sign-up for District Text Alerts. A hand-out informational flyer was available at the meeting and can also be found on our website. Our security guards, staff and faculty have participated in on-going safety and security training including Gang Awareness Seminars, SCPD and Homeland Security Active Shooter Seminar, CPR/First Aid/AED, NARCAN, and "Stop the Bleed" (provided by Stony Brook Trauma Center). The district is in partnership with the Suffolk County Police Department and our buildings are utilized by the SCPD for active shooter on site training. Infrastructure enhancements include increased number of interior/exterior cameras, district-wide Command Center, Door Ajar System, Reduced Point of Entries, Raptor ID Visitor System, Visitor Escort System and replacement of certain locks. Future enhancements include: one button lockdown system throughout the school, keypad entry for SCPD & WB Fire Department, double door vestibule system and SCPD Partnership-SHARE. The security budget at the end of last school year (2016-2017) was \$509,122. The end of the presentation focused on addressing student mental health and a student's sense of belonging. In closing, Dr. Farrelly recommended contacting Mr. Salas or administrators with concerns/suggestions relating to district safety/security. The SCPD should be contacted regarding social media or community concerns. Dr. Farrelly thanked all in attendance including Mr. Salas, Officer Osias, the Intralogic security firm representatives - Mr. Keith Smith and Mr. Bob Doyle and Ms. Karalisa Grundner from BBS Architects. The presentation will be posted to the district website.

13. OLD BUSINESS (N/A)

14. NEW BUSINESS (N/A)

Board of Education Trustee Jennifer Longo raised a question relating to the size of reading groups in the elementary classrooms. Per Mr. Scott Payne, Executive Director for Curriculum & Instruction, the classroom teacher sets these groups based on reading level, strategy or skills needed. This is completely up to the teacher who sets each group and determines, through progress monitoring, what group will meet on any given day. This is all part of class guided or independent reading time which is recommended to be about 20-35 minutes each day. Of this time, 10-15 minutes is a mini-lesson, 10-15 minutes is independent reading and 1-5 minutes is share time. Teachers meet with groups during the 10-15 minute independent reading time. There is no expectation for teachers to meet any particular reading group weekly. Teachers decide this based on how students are performing in class. The larger the classes the greater the number of students in reading groups. For example, if a class has 24 kids, and another has 19, there are 5 more kids in "groups" or an additional group of 5. One suggested solution which was presented to all teachers is for them to have additional independent reading during FLEX time which would allow them to see more students.
