**HOMELESS CHILDREN**

**5151**

The Board of Education recognizes its responsibility to identify homeless children within the district, encourage their enrollment and eliminate existing barriers to their education which may exist in district practices. The Board will provide that homeless children attending the district's schools access to the same free and appropriate public education, including preschool education, as other children.

A homeless child is a child who lacks a fixed, regular, and adequate nighttime residence or who has a primary nighttime location in a public or private shelter designed to provide temporary living accommodations, or a place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings. This definition also includes a child who shares the housing of others due to loss of housing, economic hardship, or similar reason; lives in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; lives in a car, park, public space or abandoned building, substandard housing, bus or train station or similar setting; has been abandoned in a hospital or is awaiting foster care placement; or is a migratory child who qualifies as homeless.

A homeless child has the right to attend school in either the district of origin (i.e., where he/she resided before becoming homeless), the district of current location, or a district participating in a regional placement plan.

The Superintendent of Schools shall develop procedures necessary to expedite the homeless child's access to the designated school. Such procedures shall include:

1. Admission: Upon designation, the district shall immediately admit the homeless child to school, even if the child is unable to produce records normally required for enrollment, such as previous academic records, medical records, proof of residency or other documentation and even if there is a dispute with the child's parents regarding school selection or enrollment.

Homeless children will have the same opportunity as other children to enroll in and succeed in the district's schools. They will not be placed in separate schools or programs based on their status as homeless.

2. Transportation: The district shall provide transportation for homeless students currently residing within the district as required by applicable law.
3. School Records: For homeless students attending school out of the district, the district shall, within five days of receipt of a request for records, forward a complete copy of the homeless child's records including proof of age, academic records, evaluation, immunization records and guardianship paper, if applicable.

The Superintendent shall also designate a liaison for homeless children and ensure that this person is aware of his or her responsibilities under the law. The liaison's responsibilities shall include, but not be limited to, ensuring that:

1. parents of homeless children are informed of the educational and related opportunities available to them, including transportation;
2. enrollment disputes involving homeless children are promptly mediated and resolved;
3. school personnel in coordination with shelters and social service agencies and other appropriate entities identify homeless children, including homeless preschoolers;

**5151 (cont'd)**

4. homeless children receive educational services, including Head Start and preschool services to which they are eligible, as well as referrals to health care and other appropriate services;

In accordance with Commissioner's regulations, the district shall collect and transmit to the Commissioner information necessary to assess the educational needs of homeless children within the State.

**HOMELESS CHILDREN REGULATION**

Each school in the district shall maintain forms provided by the Commissioner of Education for designating a homeless child's district of attendance. These forms must be provided to any homeless child or parent or guardian who seeks to enroll a child in school. The district's liaison for homeless students shall assist the homeless child and/or parent or guardian in understanding their rights under the law and provide them with information regarding the educational and related opportunities available to them.

School placement decisions for homeless children will be based on the "best interest of the child." Unless doing so is contrary to the wishes of the child's parent or guardian, to the extent possible, a homeless child will continue to attend the school of origin (the school the child attended when he or she became homeless).

If the district wishes to send a homeless child to a school other than the school of origin or a school requested by the parent or guardian, the Superintendent or designee shall provide the parent or guardian with a written explanation of its decision, together with a statement regarding the right to appeal the placement process. The Superintendent or designee shall refer any such dispute to the district's liaison for the homeless for resolution. The homeless child must be enrolled in the school sought by the parent or guardian pending resolution of the dispute.

Admission Procedures

Upon designation, the Superintendent of Schools or designee shall immediately:

1. review the designation form to ensure that it is complete;
2. admit the homeless child even if the child or his/her parent or guardian is unable to produce records normally required for enrollment or there is an unresolved dispute regarding school selection or enrollment;
3. where applicable, make a written request to the school district where a copy of the child's records are located for a copy of the homeless child's school records;
4. notify the liaison for homeless children of the child's admission. The liaison shall:
  - a. notify the child and/or the parent or guardian of the educational and related opportunities available to homeless children including transportation;
  - b. ensure that the child receives the educational services for which they are eligible, including Head Start and Even Start and preschool programs administered by the district;
  - c. make necessary referrals to health care services, dental services, mental health services, and other appropriate services; and
  - d. ensure that any enrollment disputes are mediated promptly and in accordance with law.

The Superintendent or designee shall forward a copy of the designation form to the Commissioner of Education and the school district of origin where applicable.

Unless the homeless child is entitled to transportation provided by the Division for Youth or the Department of Social Services, the district shall provide transportation services to the child in accordance with applicable law.

**SCHOOL ADMISSIONS**

**5152**

**RESIDENTS:**

District residents over five and under twenty-one years of age and veterans, except those who received dishonorable discharges, shall be eligible to attend the public schools of West Babylon free of charge if they have not received a high school diploma.

Upon registration, all new students or their parents or guardians shall be required to present:

- > Proof of date of birth
- > Record of immunizations and a health certificate from a licensed physician
- > Proof of residency
- > Proof of guardianship

**IN DISTRICT TRANSFERS:**

Students in grades kindergarten through four whose parents or guardians move to the attendance zone of another elementary school within the West Babylon district after the start of the school year are eligible to finish the school year in their original school. Students must transfer to the new school for the start of the next school year (if space permits). Students who have completed fourth grade prior to moving to the attendance zone of another elementary school within the West Babylon School District may complete the fifth grade in their original school. Upon parental request, the student may transfer immediately if space permits in the receiving school.

**NON RESIDENTS:**

The Board of Education affirms that its primary responsibility is to provide the best possible educational opportunities for the children who are legal district residents and who are of legal age to attend school.

However, a non-resident student may be admitted to district schools upon payment to the district of the Board-adopted tuition charge, if and only if, in the judgment of the Superintendent of Schools:

1. there is sufficient space to accommodate the non-resident student;
2. no increase in the size of faculty or staff will be necessary to accommodate them;
3. the non-resident student meets the district's criteria for admission; and
4. the admission of such non-resident student is and continues during the enrollment period to be in the best interests of the district.

**CHILDREN OF DISTRICT EMPLOYEES:**

The Superintendent is authorized to accept the children of district employees who are not district residents for enrollment in the schools of the district. Tuition is to be charged at the rate set by the Board. Transportation to and from school is the responsibility of the staff member. Field trip transportation will be made available as it is to district residents.

**CHILDREN OF NON-RESIDENTS WHO ARE NOT DISTRICT EMPLOYEES:**

Children of nonresidents, other than district employees, may be accepted for enrollment in the West Babylon Schools only upon approval by the Board of Education. Tuition will be charged as established yearly. Tuition payments are to be made monthly unless otherwise arranged by the Superintendent or a designee. Transportation to and from school is the responsibility of the student's parent or guardian. Field trip transportation will be made available as it is to district residents.

**FORMER RESIDENTS**

Students who are in their senior year of schooling and whose parents or guardians move to another district during the course of the academic year, shall be allowed to finish the year in West Babylon in order to graduate with their classmates. Parents or guardians of these students are responsible for transporting the students to and from school.

Students in grades kindergarten through eleven (11) whose parents or guardians move to another district during the course of the academic year are eligible to finish the school year in West Babylon only if the move takes place during the final ten (10) weeks of the academic year. Parents or guardians of these are responsible for transporting the students to and from school.

**STUDENT DISMISSAL PRECAUTIONS****5162**

No student may be released from school to anyone other than the parent, guardian or child protective services personnel and law enforcement officers pursuant to law, unless the individual's name seeking release of the student appears on an emergency contact list provided by the parent or guardian.

Parents are urged to make appointments with physicians, dentists, special tutors, etc., after school hours. If a request is necessary, parents should make note of the date, time and reason for the release. Without prior written notice, a child cannot be release to anyone other than his/her parent/guardian.

A student may be released to either parent unless a custodial parent supplies the building principal with a certified copy of a court order or divorce decree to the contrary.

The Superintendent shall develop procedures to enable parents and guardians to amend the list of persons authorized to obtain the release of their children.

Ref: Education Law §3210(1)(c)

Adoption date:

**STUDENT DISMISSAL PRECAUTIONS REGULATION**

The Superintendent of Schools or his/her designee shall maintain a list of individuals who are authorized to obtain the release of students in attendance at the school. No student may be released to the custody of any individual nor the parent or guardian of the student, unless the individual's name appears upon the list.

Parents or guardians may submit a list of individuals authorized to obtain the release of their children from school at the time of the child's enrollment. The signature of the parent or guardian must be on or attached to such list.

A parent or guardian may amend a list submitted pursuant to this regulation at any time, in writing.

Certified copies of any court orders or divorce decrees provided by the custodial parent, which restrict a parent's ability to seek the release of their child, shall be maintained by the building principal.

In the case of illness, suspected contagious disease, or other urgent situations requiring a child to leave before the close of school, the nurse will utilize the child's emergency home contact card which has been filled out by a parent or legal guardian, to enable the student to be picked up and signed out by a designated adult.

If any individual seeks the release from school of a student he or she must report to the school office and present identification deemed satisfactory by the Superintendent or his/her designee, who must check the authorized list and relevant court orders or divorce decrees before a student may be released. Particular caution should be exercised when the person seeking the release of a child exhibits to the school official an out-of-state custody order.

Early excuses for emergency reasons should be requested in writing by a parent/guardian. The person seeking the release must sign the register in the office.

In the event of an emergency, the building principal may release a student to some individual not appearing on the approved list only if the parent or guardian has been contacted by the building principal and has approved the release, and the building principal determines that an emergency exists.

**STUDENT ORGANIZATIONS**

The Board of Education recognizes the educational values inherent in student participation in the extracurricular life of the school, and supports the concept of the formation of student groups for such purposes as building sound social relationships, developing interests in an academic area, and gaining an understanding of the elements and responsibilities of good citizenship.

The Superintendent of Schools, with the aid of students, faculty and administration, is charged with developing procedures for registering and regulating student groups or clubs. Such procedures shall ensure that the district will register any group organized for a purpose not prohibited by Board policy or by law, if such group submits a list of its members designated as contacts, a copy of its constitution and/or bylaws, and the constitution and bylaws of any off-campus organization with which it may be affiliated. Student groups may not restrict membership on the basis of race, sex, national origin or other arbitrary criteria.

The Board may prohibit the formation of any clubs, including fraternities or sororities, or any other secret society, whose deliberations and activities have caused or created, or are likely to cause or create, a disruption of or interference with the school program.

Administrative regulations governing the use of school facilities shall abide by the Equal Access Act in the creation of a "limited open forum." All noncurricula-related student activities, regardless of religious or political content, shall have the same opportunities as any other such activity to operate on school grounds.

## SCHOOL-SPONSORED STUDENT EXPRESSION

The Board of Education encourages student expression in its many forms, including the school newspaper, yearbook, literary magazine, concerts, shows, art exhibits. The Board believes these activities are an important part of student learning and enrich the life of the school community. The school newspaper, for example, is an important part of the school not only because it offers an educational activity through which students gain experience in reporting, writing, editing, and understanding responsible journalism, but also because it provides an opportunity for students to express their views in a responsible manner. Each school-sponsored activity offers unique opportunities for students to engage in creative and educational modes of expression.

All school-sponsored opportunities for student expression will comply with the rules set forth in this policy and in the Code of Conduct. Libelous statements, unfounded charges and accusations, obscenity, false statements; materials or performances advocating racial or religious prejudice, hatred, violence, the breaking of laws and school policies and/or regulations; or materials or performances designed to disrupt the educational process will not be permitted.

**WEST BABYLON SCHOOL DISTRICT'S WELLNESS POLICY**

The Board of Education is committed to providing school environments that promote and protect children's health, well-being, and ability to learn by supporting healthy eating habits and physical activity. Therefore, it is the policy of the West Babylon School District that:

The district will engage students, parents, teachers, administrators, food service professionals, health professionals, and other interested community members in developing, implementing, monitoring, and reviewing district-wide nutrition and physical activity policies. This group will serve as the West Babylon District-wide Wellness Committee.

All students in grades K-12 will have opportunities, support and encouragement to be physically active on a regular basis.

Foods and beverages served at school will meet the nutrition recommendations of the West Babylon Wellness Policy.

Only healthful foods and beverages in appropriate portions may be used in classroom celebrations. All snack foods provided to students at parties or other events during the school day shall meet either the nutrition guidelines set by the Alliance for a Healthier Generation or the New York State Nutrition Association's Choose Sensibly guidelines. Items must be commercially prepared. These items must be in original sealed package with labeling of ingredients and nutritional content. Whole fruits are permissible. If the fruit must be cut-up, this should be done at school following appropriate food handling standards.

Items containing ingredients to which a member of a classroom is allergic must be avoided. Under no circumstances should a student be served foods that contain ingredients to which he or she is allergic.

Homemade foods are for personal consumption only. These items are not to be shared, served or sold to students during school hours.

All foods sold by student organizations for fundraisers must meet the nutrition guidelines set by the Alliance for a Healthier Generation or the New York State Nutrition Association's Choose Sensibly guidelines. Items must be commercially prepared. These items must be in the original sealed package with labeling of ingredients and nutritional content. During the school day only foods compliant with these guidelines shall be sold to students.

The exception to the above provisions is food produced as part of course work and instruction. All foods prepared as part of classroom instruction shall follow appropriate food handling standards.

Organizations affiliated with the district (e.g., the PTA, Sports Parents Association, and Music Parents Association) are encouraged to offer healthy choices among the foods served or sold at after school events.

Qualified child nutrition professionals will provide students with access to a variety of affordable, nutritious and appealing foods that meet the health and nutrition needs of students; will provide clean, safe and pleasant settings and adequate time for students to eat; and will comply with federal, state and local child nutrition program requirements.

Schools will provide nutrition education and physical education to foster lifelong habits of healthy eating and physical activity, and will establish linkages between health education and school meal programs, and with related community services.

Each school will maintain a School Wellness Committee that meets at least every other month. These committees shall seek to include members who are representative of the diversity of our community. At least one parent/guardian representative shall be part of the committee. The committees will solicit input from the community at large, including students, parents/guardians and staff members. The committees will promote activities that further the goals of the policy. To accomplish this, the committees will be committed to reflecting the importance of diversity and culturally inclusive practices.

All school-based activities are consistent with local wellness policy goals.

The Superintendent of Schools or designee will develop a summary report on district-wide compliance with the district's established nutrition and physical activity wellness policies, based upon input from schools within the district every three years.
